The Agilent 6850 Series II GC is an excellent choice for any laboratory where bench space, ease of use, and independent channel flexibility are important. In half the footprint of a standard dual-channel GC, this single-channel workhorse can at least double productivity by allowing two GCs in the space of one and significantly reducing cycle times due to fast oven heat-up and cool down.

I have a GC 6850 with an FID. I'll have to upgrade to Windows 10 soon, because Windows will no longer provide security updates for Windows 7. If I upgrade my computer to Windows 10, is there a ChemStation version that's compatible with the 6850 and Windows 10. If not, what software upgrades will I have to do ? Or will I be better off sticking with Windows 7 ?
