Review of Drug War Heresies by MacCoun and Reuter

In Drug War Heresies, Robert J. MacCoun and Peter Reuter ask whether drug prohibition makes sense and whether legalization might achieve a better balancing of the costs and benefits associated with drugs and drug policy. They draw on a broad range of social science literature, and they emphasize the lessons provided both by drug prohibition in other places and by prohibitions of other goods ...

Drug War Heresies may be the best book ever written about modern U.S. drug policy. Written by a psychologist and an economist, the authors draw on attempts to control other substances (such as alcohol prohibition in the U.S.) and exhaustively examine the alternative and experimental European drug policies that most American readers will find particularly useful.

A lot of people may be laughing in the manner of looking at you reading **drug war heresies learning from other vices times and places rand studies in policy analysis by robert j maccoun 2001 08 27** in your spare time.
