Emerging Space Powers: The New Space Programs of Asia, the ...

It would, though, be premature to take the step of assuming that this implies a clearly defined new role for emerging powers. The interest situation of this country group is simply too diverse. At the economic level, China and India are crowding other producers - including emerging powers like Mexico - out of the world market.

Springer Praxis Bks.: Emerging Space Powers : The New ...

Harvey, Smid and Pirard's Emerging Space Powers was first published as The Japanese and Indian Space Programmes and is now expanded to present a structured narrative of state involvement in space exploration including Japan, India, Iran, Brazil, Israel, North Korea and South Korea. The authors compare and contrast development and fields of work in their final chapter. <P />
