School | Wheelock ...

I'm student teaching fourth grade virtually, and have just added teaching math to my list of things to take over. I, my entire life, have had a bit of a math phobia. I learned math in elementary school very much with rote memorization. We did the standard algorithm way, without much of an explanation.

Bing: Knowing And Teaching Elementary Mathematics

Knowing and Teaching Elementary Mathematics describes the nature and development of the knowledge that elementary teachers need to become accomplished mathematics teachers, and suggests why such knowledge seems more common in China than in the United States, despite the fact that Chinese teachers have less formal education than their U.S. counterparts.

Mathematics: Teachers ...

7. Let your students regularly know how they're doing. Feedback is an important part of teaching elementary math and improving students' results. Let your students know how they have performed on a specific task, along with helpful ways that they can further improve and extend their skills. Remember, feedback is different to praise.

Knowing and Teaching Elementary Mathematics: Teachers ...

Chinese teachers are specialists, and teach only mathematics, but American teachers, being generalists, are required to teach a range of different subjects. In China, mathematics teachers are allocated a good amount of time for preparation of lessons, and they operate within a national curriculum that offers clear guidelines and relevant teaching materials.

Teaching elementary math : Teachers

Every elementary math teacher should read it. In China, elementary math teachers only teach math. They have discussions and shared planning time. They actually spend a lot of time studying math. They don't assume they know it and are done. Because American elementary teachers teach all subjects, we don't have time to do what they do, which is a ...
