East Asia - a bright spot in global economy

The Journal of Asian Economics publishes original research works from all fields of economics, particularly those with an emphasis on the economy of Asian Countries. Research that compares the economic development in Asian Countries with that in other countries is also encouraged. We follow a single-blind peer review procedure for article selection.

The Economics Of East Asian

An East Asian economic grouping will also have the virtue of keeping China's vigorous economy contained in a larger regional setting. Certainly, the de facto integration of the East Asian economies with their Northeast Asian counterparts is well along - as we can see from ASEAN's concern about the stability and value of the renminbi and its receptiveness to the idea of internationalizing ...
