VIPRE Business Premium. Comprehensive Management of All Agents - Roaming agents can now be updated directly from the console (version 7.0 and later), eliminating the need to take manual steps or visit the office to get the latest protection.

VIPRE Endpoint Security Administration Guide

I'm running into an issue more and more with our Vipre Business Premium 5.0 Installation. What appears to be happening is when we change out a machine or one dies, the agents stay in the console. When we try to manually remove them from the catalog they wont budge. It didn't use to be this way but is getting worse and worse.

Small Business Antivirus Software - VIPRE

I have installed Vipre Business Premium 6 on the server, but unlike our offices with internet access, I would like to set the server to be updated manually. The agents in the domain would get their updates from the server after I manually update it.
